Introduction

This document contains historic addresses of our Jordan, Scholdberg and Steward ancestors and is available on [Our Jordan Family Web Pages](#) as part of our Jordan family history. This listing is restricted to deceased families or members of our Jordan, Scholdberg and Steward family lines.

For ease of use, the above [Table of Contents](#) includes active links along with a simplified genealogy chart to assist in selecting items of interest. Merely touch the line or page number to move to a section of interest.

An off-line document called *Contemporary Jordan Family Addresses* contains addresses of some additional descendants who are still living and thus were not included in the *Historical Jordan Family Addresses*. To date all entries are in my own family line.

Following are *Historical Jordan Family Addresses* for three family surnames that led to our current Jordans all of whom are part of *The Jordan Story*. These *Addresses* begin with the John Isaac and Sarah Steward Family of Poplar, England and include some of their descendants; one branch of which led to our Scholdbergs and Jordans of Poplar and later our Jordans of Chicago.

The key families are:

1. [The Steward Family](#)
2. [The Scholdberg/Jordan Family](#)

Addresses were obtained from a number of sources including but not limited to *Baptism Records, Marriage Records, Census Records, and Death Records, and City Directories*. The resulting *Address Records* listing thus represents a chronology that show when and where various events took place during the lives of our ancestors.

The *Address Lists* are organized around families and thus the various records that are indexed in the above *Table of Contents* are titled by either the name of a family (husband and wife) or an individual if unmarried including widow, widower. Addresses for husband and wife before marriage can be found with their parents. Included also is a section which provides descriptions and locations of the various cities and neighborhoods associated with our ancestors.

Spellings of names and places vary for different records and sometimes individuals changed some part of their names or used nicknames or abbreviations. In the transcriptions that follows, the names are transcribed as they were recorded in the original record source.

In order to help preserve our Jordan family history and to make that history more widely available, [Our Jordan Family Web Pages](#) was created in the early years of the 21st century.

While quite successful in its goals, it became clear with the passage of time, that a web site with many hundreds of pages was not easy to print or to electronically download. Thus in the later part of the first decade of the 21st century, I began to compile various categories of information

such as *Jordan Family Addresses*, *Jordan Family Census Records*, *Jordan Genealogy Source Records*, *Oscar Scholdberg's Voyages*, and *the Jordan Stories* into pdf documents.

Such pdf files will make it easier to download files for preservation on our many computers and they will also allow much easier printing of pages and for studied analysis as desired. As part of this effort, a [Jordan PDF Downloads](#) web page was created. From this page, all currently available pdf's from [Our Jordan Family Web Pages](#) can be accessed.

You are encouraged to download the various Jordan, Scholdberg, and Steward pdf files, not only for your own study but to also help preserve for future generations hard to obtain data and information about our common Jordan, Scholdberg and Steward origins and history. Files are updated every once in a while, and checking about once a year is a reasonable frequency. Version dates are shown at the beginning of the [Table of Contents](#).

You may have noted that the current file is quite lengthy and contains information for not only the Jordans but also the Stewards and Scholdbergs. While it might have made sense to focus this document on one family or a family line with the same surname, my worry was that there would have been a proliferation of pdf files. Many scattered files and associated updates would make it harder to find and save all the related and connected information. Thus all have been placed within the current file.

Notes

1. A January 2008 search of the Free BMD index showed a Sarah Steward who died in Poplar in 2Q1851, volume 2, page 230. This would appear to be our Sarah Steward as it is the only Sarah Steward death in Poplar from 1841 to 1910.
2. A January 2008 search of the Free BMD index showed: a) John Steward who died in Poplar in 1Q1865, volume 1c, page 562, and b) John Steward, age 80 who died in Poplar in 3Q1871, volume 1c, page 458. The 80 year old, born about 1791 possibly is our John Isaac Steward. He should also be listed in the 1861 and 1871 census. It might also be that the John Steward who died in 1865 was married to Jane. He would have been about age 35 if this is so.
3. A January 2008 search of the Free BMD index showed John Isaac Steward married Jane Ann Hooper 2Q1854, volume 1c, page 1022. The Church record shows that it was on 5 June 1854.
4. Three variants have now been seen on Robert Steward's middle name: Melvin, Melville, and Melbourne. It is not clear if he changed it or if there were misunderstandings when it was written.
5. Last Update to our *Steward Family Genealogy*: 7/23/2012.

Notes

1. Addresses for husband and wife before marriage can be found with their parents addresses for those years. Charles Hooper Steward's parents are Joseph and Elizabeth Steward.
2. Unless the 1917 entry is correct, he has not been found after the 1900 Census listing with his sister Elizabeth Jordan. Since he was not mentioned in his mother's obituary in 1908, it is presumed that he died before then. Most likely location of death would be Illinois or Illinois.
3. His daughter's name was thought to be Alice but she has never been located in any records though she was probably with her mother, Eveline after the divorce. The 1881 Montreal Census indicates there was a daughter, Anne born in 1876. Thus Alice may be incorrect or another daughter.

Notes

1. Charles Albert Scholdberg parents are Knut Oscar and Elizabeth P. Scholdberg. After Knut Oscar Scholdberg dies in 1875 she remarried James Jordan in 1876.
2. When entering the USA in August 1893, he used the name Charles H. Jordan having at some point switched to using the surname of his stepfather. He also changed his middle initial to “H” possibly for “Henry” after his Uncle Henry Steward, or “Holloway”, the maiden name of his Grandmother Elizabeth Steward.
3. Charles Jordan hasn't been located after 1929, but he did live somewhat longer as my dad remembers him once coming to the front door asking for his brother, James Oscar Jordan. By then he was referred to as *Indiana Jordan* as it was said he lived in Indiana then.

The record shows regular attendance until 13 Jan 1893. Most likely he had graduated. The family left for the USA in August 1893. Since the School Record for James Jordan began on 18 Apr 1887 and the mother was listed as a Widow, it would imply the father James Jordan died before then. But he was probably alive 23 Sept 1884, the date of the previous school record.

Notes

1. Addresses for husband and wife before marriage can be found with their parents addresses for those years. No information is known about James Jordan's parents except his father's name which is John. Elizabeth's parents are Joseph and Elizabeth Steward.
2. James Jordan did not come to America with Elizabeth and her children. It is presumed that he died before they left in August 1893 but it is not known when.

Notes

1. James Oscar Jordan went through a number of name changes over his life. He was born: Joseph Canute Oscar Scholdberg. Later he shortened this to Oscar Scholdberg. In Chicago, and perhaps before while in England he adopted the given name and surname of his stepfather, James Jordan, while retaining Oscar as a middle name. Adding to the confusion is that his half brother was named James Henry Jordan.
2. James Oscar Jordan, alias Joseph Canute Oscar Scholdberg parents are Knut Oscar and Elizabeth Priscilla Scholdberg. His step-parents are James and Elizabeth Priscilla Jordan.
3. The entries in the above table are for the time period where there is data showing Oscar used his Scholdberg name. The entries in the table below are for the time period where the data shows he used Jordan as his surname. It is not known when he made the switch. Without further data, it is assumed he made the surname transition from Scholdberg to Jordan with the emigration to the USA.

It is possible though that he made the surname transition earlier, such as shortly after his mother married James Jordan on November 16, 1876. Oscar was only 8 years old at the time of his mother's remarriage. However, his grandparents indicated Scholdberg was his surname in the Census of 1881. So when he began using Jordan and the given name of James Oscar is still being narrowed down.

4. The Chicago 1900 Census indicates James Oscar Jordan came to the USA in 1886, while the 1910 Census indicates it was in 1882.

Notes

1. The entries in the table above are for the time period where the data shows James Oscar used Jordan as his surname.
2. The Chicago 1900 Census indicates James Oscar Jordan came to the USA in 1886, while the 1910 Census indicates it was in 1882. The earliest identifiable address in the USA is 1890 in the Chicago Directory at the same address as his Uncle Charles Steward. Charles Steward indicated in the 1900 Census that he came to the USA in 1880. It is likely that James Oscar Jordan's destination after his arrival in the USA was with his Uncle Charles Steward. Though it is not known precisely when that was.

Notes

1. After the separation from his wife Margaret and the children in 1911, it appears that James Oscar Jordan generally appears to have lived with his mother and brother Charles until his mother's death in 1931. After that it is known he paid his son to have an upstairs addition added to Herbert Jordan's home at 6934 S. Throop and he lived there for some years in the 1930s. After his son, Herbert moved to California in 1943, James Oscar Jordan was lost track of by the family.

She also went to work as a musician and music teacher, including playing the organ at Nickelodeons. Her son, Herbert was pulled out of high school to get a job to help support the family. 2. In late 1922, Margaret and Robert Graham made a big change, a move to California. Their move began the Jordan California migration. Daughter Florence Hollingshead nee Jordan and her husband Ernest made the move either with Margaret and Robert or shortly thereafter. Their daughter Margaret J. Hollingshead was born in California in 1926. Margaret Graham's son Art Jordan and his family followed by 1930. Margaret Graham's son Edward A. Jordan and family followed after April 1935 but before 1940. Son Charles J. Jordan and family followed in the early 1940s. And son Herbert A. Jordan and his wife Elizabeth followed in 1943. Thus by 1943 all of her children lived in California. Eventually all of her grandchildren made the move to California by the mid-1950s except, grandson Edward, son of Herbert A. Jordan.

Notes

1. Addresses for husband and wife before marriage can be found with their parents addresses for those years. Herbert Jordan's parents are James and Margaret Jordan and Elizabeth's parents are John and Anna Pajewski.
2. The three Jordan boys Harold, Herb, and Ed said they moved 17 times while growing up in Chicago.
3. Later Harold, Herb, and Ed Jordan tried to list them, but they couldn't remember them all nor could they always agree on the dates and exact addresses. For the period 1919-1934, a listing is made from their recollections and the additional input from the 1978 audio tape between Ed Jordan and his mother where they discussed this topic. Inevitably there are probably some errors in the above list given the number of places they lived.
4. Of note is the number of places, Elizabeth Jordan mentioned in the 1978 audio tape where she mentioned they owned the home.
5. Below are the California addresses for Herbert and Elizabeth Jordan. There is an overlap of addresses in 1942 and 1943 as Herbert first went to California to visit relatives and gain employment

Notes

1. Annual addresses for the husband and wife before marriage are within the *Addresses* file of their parents. James Henry Jordan is the son of James and Elizabeth Jordan. In addition, James lived with his widowed mother Elizabeth P. Jordan when they came to the USA in 1893 until his marriage.

City and Neighborhood Locations and Descriptions

As follows are descriptions and locations of various cities, towns, and neighborhoods in England, Sweden, Illinois and California connected with the history of our Jordan, Scholdberg, and Steward families.

England

As follows are text descriptions of towns and locations in England related to the Holloways, Jordans, Scholdbergs, and Stewards.

Tower Hamlets

Tower Hamlets is a borough in the area of East of London. This borough contains many small towns or sections, including Bow, Bromley, and Poplar.

Bow

Bow is just north of Poplar and it was at St. Mary Stratford Bow that Elizabeth Priscilla Holloway Steward married Knut Oscar Scholdberg and later James Jordan. Her mother, Elizabeth Holloway married Joseph Steward here also.

Poplar

This is the ancestral home of the Stewards, Jordans, and Scholdbergs in the late 1800s. It is located just north of the Isle of Dogs.

St. Albans

In Elizabeth Holloway Steward's obituary in Wisconsin it was stated that she was born in St. Albans. St. Albans is somewhat north of London and may be the key to where the Holloways were from. However, everyone of her England Census records stated she was born in Poplar.

Sweden

As follows are text descriptions of towns and locations in Sweden related to the Scholdbergs.

Jämshög

Knut Oscar Schöldberg was born in Sweden and it is believed to be in the small town of Jämshög, Blekinge, Sweden.

Illinois

Chicago

James Oscar Jordan and his uncle, Charles Steward settled in Chicago, Illinois in the 1880s.

In August 1893 James's mother, Elizabeth Jordan, his brothers, Charles and James Jordan, and his grandmother, Elizabeth Steward arrived from England.

During the 1890s and early 1900s they all lived on the near west side of Chicago around 1200 to 2000 West and generally a few blocks from Roosevelt Road. The University of Illinois Circle Campus and parts of the Eisenhower Expressway are now located in the area and may in some cases overlap their old neighborhood.

Around 1905, the James Henry Jordan moved to Madison. And for a few years the entire family joined him there, including James Oscar Jordan who left his family in Chicago. However between about 1907 and 1909, James Oscar Jordan, Charles Jordan, and their mother, Elizabeth Jordan returned to Chicago.

After James and Margaret Jordan separated in 1911, Margaret with the children moved further east and further south within Chicago.

California

Around 1930, Margaret and her 2nd husband Robert Graham moved to California with some of the children. However her son Herbert and Elizabeth Jordan and their family continued to live in Chicago. In 1943, Herbert and Elizabeth Jordan also moved to California.

City Directories

Following is background on various city directories which were used to compile many of the addresses for our families of interest.

Chicago Directories

The Chicago City Directories list individuals and businesses in Chicago from the years 1839 to 1917 with special Directory editions in 1923 and 1928-1929. These directories, though rather comprehensive, are sometimes incomplete as many times newer immigrants and boarding house roomers were missed. Listings for each individual include name, address and occupation and business names if proprietor. The data were generally collected in the closing months before the year of publication; thus the addresses were sometimes out-of-date by publication since the population was very mobile.

The Chicago Public Library and the Newberry Library have most of the Chicago Directories on microfilm. The New York Public Library also has a fairly complete collection of these directories in their original paper form. Microfilms of the Chicago Directories may also be borrowed from various locations on interlibrary loan.

As an example of the usefulness of tracing an individual in the directories, consider the information collected for James Oscar Jordan. In an attempt to identify the early presence of James Oscar Jordan in Chicago, directories in the 1880s and 1890s directories were searched. There were no entries found that matched until the 1890 entry. The 1890 entry showed: James Jordan, an electrician who boarded at 1182 Harvard and Charles Steward (his uncle) is also shown as an electrician at this same address thus confirming this was our James Oscar Jordan. In 1891, James Jordan, an electrician, was found at 1243 W. 16th. In 1894, James Jordan, an electrician, was located at 1467 Fillmore. Thereafter a James, James O. or Oscar J. Jordan is listed at various Fillmore addresses between 1894 and 1901. It is believed that all these variations were our James Oscar Jordan. The 1243 W. 16th address is in the same general area as 1467 Fillmore and the Douglas Park area. The 1182 Harvard address has not been found on any map and is probably a renamed street, but the address appears to be in the Douglas Park area. Thus early address analysis places James Oscar Jordan in the Douglas Park area of Chicago in the early 1890s.

Madison Directories

The Madison City Directories list individuals and businesses in Madison, Wisconsin. The directories were published yearly for many years and include at least the years: 1904 through 1970. Listings about the Jordans were obtained from these directories, in particular James Henry Jordan. Xerox copies of various pages of the directories were obtained from the Madison Public Library, 201 W. Mifflin St., Madison, Wisconsin 53703.
